Injured.

Estimate of the Damage by the Northwest-

ern Floods—Their Bearing on the

Railroad Situation—Va-

rious Incidents.

Associated Press Special Service.

BAKER CITY (Or.) June 8.—Further

particulars from Canyon City state that

the cyclone which visited Grant county

Sunday, dealing death and destruction,

struck the edge of Long Creek, and the

buildings that stood in its path were en-

tirely demolished.

An old gentleman and a lady named

Parish were killed in their residence.

Dr. Nichols's little girl was killed when

his house was demolished, but the other

members miraculously escaped with their

lives, although Dr. Nichols was so badly

injured he was unable to attend to the

other injured.

C. H. Lee's house was destroyed, al-

though Mrs. Lee, whose arm was shattered

and nearly wrenched off, like Spawn was

picked up and hurried over the top of a

store, but escaped with his life. Eight

buildings in town were swept away.

Evangelical mission church was sum-

moned, and assisted by the people of

Long Creek, cared for the injured. The

cyclone struck above Sumner Valley,

twenty-five miles southwest of Baker City,

breaking large trees and piling them up

like straw. The damage runs well up

into the thousands of dollars.

IN A DECLINE.

PORTLAND (Or.) June 8.—The Willa-

metta has fallen two inches in this city

since yesterday. The waters will subside

very slowly, and a recession of not more

than a foot is expected within the next

ten days. The water is still in great

decline is anticipated. Owing to lack of

telegraphic communication no estimate of

damage in the Columbia lowlands is at

hand. News of a distressing character is

being brought in by the Columbia River

boats. The Union Pacific Railroad is the

heaviest loser. To rebuild the Oregon Rail-

road and Navigation Company will cost

the neighborhood of \$2,000,000. The loss

to the company's docks, shops, warehouses,

rolling stock and the interruption of busi-

ness is estimated at \$1,000,000. It will

probably be three months before the dam-

age is repaired by Sunday night, when it

is thought the receding waters of the Colum-

bia will show how much repair work must

be done on the Oregon Railway line.

THE UNION PACIFIC'S LOSS.

OMAHA (Nebr.) June 8.—The Union

Pacific headquarters announced today that

the damage to its connections in the

Northwest by floods exceeds \$1,000,000.

This will fall largely upon the Oregon

Railroad and Navigation Company, and

will be a factor in its thought in deter-

mining that it will not fight the bill for a

separate receivership.

HOUSES ON THE FLOOD.

BONNER'S FERRY (Idaho) June 8.—

Mine street is under water from five to

ten feet. Bonner's port, where all the

business houses are located, is deserted.

The old town is a big river, with a ter-

rific current down the street. More than

twenty buildings have been washed down

the river. The log jail was floated to the

Great Northern addition and lodged in the

trees. It is not known whether any pris-

oners are lost. Ranches in the valley

suffered incalculable damage. All crops

are a dead loss.

THE HURRICANE IN HALIFAX.

HALIFAX (N. S.) June 8.—A terrific

hurricane swept over Cape Breton early

today, causing considerable damage to

shipping.

THE WISCONSIN RISING.

GREAT FALLS (Mont.) June 8.—The

water in the Missouri River is rising rap-

idly. From Wolf Creek to Craig, on the

Montana Central, the water is over the

ties and threatens to wash out the road-

bed. Little Chicago, a suburb of this

city, is inundated.

PRESIDENT EZETA.

The Salvadoran Fugitive Arrives at Panama.

His Brother Still Lives.

NEW YORK, June 8.—The Herald's Pan-

ama dispatch says that Gen. Ezeta, ex-

President of Salvador, arrived there today

on the German steamer Valeria. He de-

clared that his defeat in Salvador was due

to Guatemalan interference in the battle

between his forces and the enemy. The

ex-President said 3000 men were killed and

7000 wounded. He declared that his

brother, Gen. Antonio Ezeta, was alive

and in corroboration of this statement

showed a message from him.

WASHINGTON, June 8.—Capt. Thomas

of the United States steamship Benning-

ton at La Libertad has informed the Navy

Department that Gutierrez, the leading

revolutionary general, has been proclaimed

MILITARY FIERCE

Serio-Comic Status at

Affairs.

Five Hundred Miners Marching to Aid Ri-

oters—Talk of Conference in Maryland—

Attempted Train-Wrecking

at Uniontown.

Associated Press Special Service.

CRIPPLE CREEK (Colo.) June 8.—The

excellent conduct of the State troops, ac-

cording to the orders of Gen. Brooks,

has greatly tempered the intense anxi-

ety that the deputies and strikers have

felt toward each other, and the chances

for conflict are more remote than at any

time since the two forces faced each other.

The militia, from its position between

the two armies, has moved so as to pre-

vent either side making an attack, and

they have executed orders in such a

politic manner that they have won the re-

spect of both sides. Several times the de-

puties began an advance, but were cut

off by the troops. At one time Gen. Brooks

rode down the front of the deputies, and

his bearings and words were of such a

nature that he shook hands with the

Sheriff's forces and when he departed the

men gave three cheers.

Both deputies and militiamen prefer

Gen. Brooks to Adj. Gen. Tarney, who,

acting in the capacity of attorney for the

strikers, has seemed to oppose the de-

puties and to favor the strikers. The deputies

have at all times been desirous of advan-

cing and serving warrants, even if in or-

der to do so it would become necessary

to engage in a pitched battle. The good

work of Gen. Brooks is best illustrated by

the disposed of the miners' strike, ac-

was driven off by the guards. Thirteen arrests have been made. A special session of the grand jury will be held today.

THREATENING LIVES AND PROPERTY. COLUMBUS (O.) June 8.—Sheriff Scott of Belmont county telegraphed Gov. McKinley today that the miners at Wheeling Creek this morning burned the bridge on the Cleveland, Lorain and Wheeling road. About 500 men are threatening lives and property. The Governor wired Adj. Gen. Howe, now in Gurney county, to send some troops to Belmont.

TAKEN FROM JAIL AND SHOT. CAPE CHARLES (Va.) June 8.—Isaac Kemp, a negro, who murdered Deputy Sheriff Carver at Westover yesterday, was today taken from jail by 400 men and shot.

SCOTCH MINERS TO GO OUT. EDINBURGH, June 8.—The Scotch Miners' Federation decided by a majority vote to strike, as the representatives of the Mine-owners' Association had resolved to reduce wages 1 shilling per day.

MINERS DISPERSED. BELLAIRE (O.) June 8.—The militia unloaded at McLeanville at 2 o'clock this afternoon. The miners immediately dispersed. Five coal-trains are ready to leave on the Baltimore and Ohio road.

MOVING THEIR COAL. BELLAIRE (O.) June 8.—All the motive power at the command of the Burlington and Ohio road here is now moving coal westward under protection of the militia.

SALT MEN ASKING MORE PAY. POMEROY (O.) June 8.—Representatives for twelve salt furnaces have demanded an increase of 5 per cent. semi-monthly pay.

PRACTICALLY ENDED. CAMBRIDGE (O.) June 8.—The contest between the strikers and the Baltimore and Ohio on carrying coal is over, for the time being, by the presence of the State troops at the points of attack in Belmont and Gurney counties. The only train delayed today was on account of a freight-wreck at Carrollton Junction.

There is a prevailing feeling that the strike is practically ended, but the troops should not be immediately withdrawn.

THE CROWD CHEERED. NEW PHILADELPHIA (O.) June 8.—

Sheriff Adams read the riot act last night to the miners and mill men congregated to prevent a train leaving, but they did not disperse. Miners and rocks were piled on the tracks, and the train was fired. A car containing soldiers was fired into, and when it became known that the company was ordered to the army, while the crowd cheered.

GUNNING FOR NEGROES. MACON (Mo.) June 8.—General Manager Crandall and Superintendent W. E. Murlin of the Kansas and Texas Coal Company report another attack was made last night on a mine where negro miners are at work. About five hundred shots were fired into the tenement-house, coal-shaft, houses, sheds, etc., which are full of holes today, but no one was wounded. The pump-house was burned.

HOSTILE DEMONSTRATIONS. MARTIN'S FERRY (O.) June 8.—This morning an unsuccessful effort was made to run coal-trains on the Cleveland, Lorain and Wheeling Railroad, after the strike-up. The strikers placed dynamite, dynamite used, revolvers and knives exhibited. The train was run back to the bridge at Whisky Run. Troops have been ordered to the bridge.

THE WARLIKE ASPECT. BRIDGEPORT (O.) June 8.—The military, to the number 700, have arrived here. The miners, who outnumber the militia, are massed on the hills, and are signaling back and forth. Trouble is likely to follow the attempt to run the train.

REQUESTED A CONFERENCE. KNOXVILLE (Tenn.) June 8.—The striking miners in the Jellico district have requested the coal operators in that district to meet them tomorrow. The miners have been on a strike since April 21, and the result of the conference is awaited with great interest.

"WALKED" TO SOME PURPOSE. OWENSBORO (Ky.) June 8.—All the miners at the Falcon mines came out last night, after consultation with the walking delegates from Evansville.

MARCHING MINERS. WHEELING (W. Va.) June 8.—The miners from Moundsville and Glenville, numbering 500, are marching to the assistance of the rioters at Boggs Run, where Baltimore and Ohio trains are blocked. If the Ohio militia starts trains on the Ohio side the miners will transfer operations to the West Virginia side.

TALK OF CONFERENCE. FROSTBURG (Md.) June 8.—There will be no trouble in the Maryland region so long as the troops remain. Talk of conferences between the strikers and operators is current, but the leading operators said today that the operators would not go into a conference, and that 45 cents a ton settlement was out of the question.

PUT TO FLIGHT. Knights of the Rail Encounter Officers on a Train.

GAINESVILLE (Tex.) June 8.—An attempt was made to hold up and rob the north-bound Santa Fe passenger train by four armed men, who boarded the train here tonight. Three policemen and one deputy marshal, who were on the train, demanded the men to throw up their hands. The outlaws opened fire, and for five minutes a desperate battle ensued. One of the robbers was mortally wounded.

He gave his name as Arthur Oring, aged 24 years. The wounded man is in prison, but refused to talk after being started out in pursuit of the other three men.

APPROPRIATIONS. The Diplomatic and Navy Bills Show an Increase.

WASHINGTON, June 8.—The Senate Committee on Appropriations today agreed on the Diplomatic and Navy Bills. The Diplomatic Bill appropriates \$1,379,428, an increase of \$69,700 over the amount appropriated by the House bill.

The Army Bill, as agreed on, shows an aggregate increase of only \$19,460 over the House bill, the total being \$35,606,184.

FOR LIFE. Dr. Meyer, the Poisoner, Arrives at Sing Sing Prison.

NEW YORK, June 8.—Dr. Henry C. Meyer was today sentenced by Recorder Smythe to imprisonment at Sing Sing for life. Dr. Meyer was convicted of poisoning Ludwig Brand.

SING SING (N. Y.) June 8.—Dr. Henry Meyer arrived this evening, and was given the regulation suit and shave. He will be assigned a number tomorrow and placed in one of the shops.

Going Back to Bluefields. WASHINGTON, June 8.—A brief cable from Capt. Watson of the San Francisco, received at the Navy Department today, stated that the vessel had sailed from Colon to Bluefields.

BAD OFFICIALS.

Findings of a Stockton Grand Jury.

Hospital Superintendent Ward Implicated.

Supervisors Also Concerned in False Statements.

Fire and Robbery at Monrovia—Death of Andrew Jackson's Niece—The Lick School of Mechanical Arts.

Associated Press Leased-wire Service.

STOCKTON, June 8.—The grand jury which has been in session a long time, making a searching investigation into county affairs, today presented a sensational report. The jury found in the purchase of the new hospital site that Superintendent Ward got a commission of \$5 per acre, amounting to \$240. The County Supervisors decided to purchase eighty to one hundred acres, but finally bought 448 acres. The jury blames the Supervisors and superintendent for lack of management at the hospital and finds that some of the attendants got indicted.

The medical association, through the superintendent and two attendants.

The disclosure that the superintendent of the hospital got a large commission was a surprise to the Supervisors, as well as the public. He acknowledged to some of the Supervisors that he was to get \$500 commission, but the jury brought out the full truth.

The jury also asserts that four Supervisors swore they did not vote to buy the new hospital site, but the record of the board shows three votes for it and two against. The grand jury will now proceed to find out what was done with the money received by the superintendent.

FOLLOWING THEIR OWN SCHOOL.

The "Frisco Medical Congress Tables a Radical Measure."

SAN FRANCISCO, June 8.—At the American Medical Congress today a majority of the Committee on Revision reported an amendment to the code of ethics, which practically granted permission for the physician to consult with homoeopaths or members of other schools. A minority of the committee strongly protested against the innovation, and after a long argument the majority prevailed, and the whole matter was laid on the table.

The medical association today elected the following officers: President, Donald McLean of Michigan; vice-president, T. C. Loving of Ohio; treasurer, Dr. Newman of Illinois; secretary, William Atkinson of Pennsylvania; assistant secretary, G. H. Robe of Maryland; librarian, G. E. Webster of Illinois; editor, J. B. Hamilton of Illinois.

The American Medical College Association has elected Dr. E. Fletcher Ingalls of Chicago as president, and Dr. Perry S. Millard of St. Paul as secretary and treasurer.

The American Medical Temperance Association awarded a prize of \$100 to Dr. Platt of Chicago, for the best essay on the subject being, "The Affinity of Alcohol for the Oxygen of the Blood." Officers were elected as follows: President, N. C. Davis of Chicago; vice-president, I. C. Quimby of Chicago; secretary, T. B. Crothers of Hartford, Ct.; treasurer, Dr. Webster of Chicago.

THE OCEANSIDE COUNTERFEITERS.

Smith Now Thought to Be Innocent of Wrong Intent.

SAN DIEGO, June 8.—C. E. Smith, who was arrested with Garland Baker last night, near Oceanside, for passing counterfeit money, was today released on \$500 bail, his sureties being County Clerk Holcomb and County Auditor Shaffer. Both have known him for years and have implect confidence in him. They are convinced, as are all his friends, that he was ignorant of the fact that his companion was a counterfeiter, and thought he was simply going out to make rings and plate silverware, as Baker had told him.

Baker learned the business of plating spoons and silverware at a jewelry store here, but was an awkward hand. He left about ten days ago with a second-hand plating outfit, and succeeded in interesting Smith in the enterprise and they started out. Baker handled the funds and passed the counterfeit money.

THE MONTEREY'S ARMOR.

One Defective Plate Included With the Government's Plates.

SAN FRANCISCO, June 8.—The Evening Post makes the statement, on the authority of Irving W. Scott of the Union Iron Works, that there is at least one defective armor-plate on the coast-defense vessel Monterey. The plate was the last placed in position on the vessel. Construction had been delayed, waiting the completion of the plate at the Carnegie works. This was in 1892. When the plate was finished it was inspected and found defective. The government at first refused to accept it, but about this time learned that if it were to be a war with Chile, and it was decided by the naval authorities to hurry up the completion of the Monterey. Accordingly, the plate was forwarded here, and placed in position.

THE LICK SCHOOL.

Opening of the Mechanical Arts Institution Fixed for November 1.

SAN FRANCISCO, June 8.—The Examination of the Lick School of Mechanical Arts will be opened on November 1. It will not be in full operation at that date, but a beginning will be made. Plans for the buildings have been agreed upon, and their erection will commence in a few weeks.

Lick left \$500,000 for the School of Mechanical Arts, \$100,000 of which will be expended on buildings, and the balance devoted to the maintenance of the school. George A. Merrill has been appointed principal of the school, which will accommodate 300 pupils, to which no charge will be made.

COAST SAILORS.

A Drop in Wages from \$30 to \$25 per Month.

SAN FRANCISCO, June 8.—Coast sailors will receive but \$25 a month hereafter. That was the announcement made by the Ship-owners' Association at their meeting today. Secretary Matthews gives as his reason for the reduction from \$30 to \$25 that the boarding-masters are offering men at the reduced figure, and the association was compelled to meet the rate.

ANDREW JACKSON'S NIECE.

Death of Mrs. Alice Ramsay at Phoenix, Ariz.

PHOENIX (Ariz.) June 8.—Mrs. Alice Ramsay died today of acute pneumonia. She was the niece of Andrew Jackson, being the eldest daughter of Moses Jackson. The deceased was born at Algiers,

La., and was 55 years old. Her husband was, during the late war, a first lieutenant, afterward captain of the Sixth New York Cavalry, and was wounded in the battle of the Wilderness. She was a field nurse during the rebellion. Capt. Ramsay died in Napa, Cal., having been sent there from Eureka, Nev.

MONROVIA ITEMS.

George Hall's Residence Burned—A House Robbed.

MONROVIA, June 8.—Fire totally destroyed George T. Hall's residence and barn this afternoon. The loss was about \$3000, and the insurance \$1500. It was caused by a gasoline stove. Part of the household goods were saved.

Burglars entered the house of William Chappelton early this morning and rifled his clothing and house, taking a good watch and other jewelry, and a little money. There is no clue to the robbers.

'FRISCO SALOONS.

The Grand Jury insists on the Law Against the Side Entrances.

SAN FRANCISCO, June 8.—The grand jury today passed a resolution demanding that the police enforce the ordinance recently passed by the Board of Supervisors to prohibit the maintaining of private rooms for the congregation of men and women in saloons, and forbidding the display of "Ladies' Entrance" and "Family Entrance" signs. Police officials and patrolmen have wholly ignored the law.

PANS OUT WELL.

Rich Placer Discovery in Dutch Tom Gulch, Wyoming.

SALT LAKE, June 8.—A special from Lander, Wyo., to the Tribune says that the richest gold strike that has been made for many years is that of Henry Burk in Dutch Tom Gulch. Some of the dirt ran as high as \$25 to the pan. There is great excitement over the discovery.

A Speculator Commits Suicide.

OAKLAND, June 8.—Nat Seligman, a well-known money broker and mining speculator, killed himself at his office today by shooting himself through the heart. The cause is supposed to have been serious losses, which Seligman lately incurred in mining speculation.

A Car of New Wheat.

ROSO, June 8.—The first car of new wheat was shipped from Poso, Kern county, today, by J. M. and O. B. Kimberlin of San Francisco.

They Went to See.

SAN FRANCISCO, June 8.—The Midwinter Fair admissions today were 7619.

REDUCED ASSETS.

Steele & Walker Will Not Pay Over \$0 Per Cent.

Associated Press Leased-wire Service.

ST. JOSEPH (Mo.) June 8.—It is announced positively that the assets of Steele & Walker will not be nearly sufficient to meet the obligations, and creditors must get 50 cents on the dollar, as the liabilities now aggregate nearly \$1,000,000. There is much shrinkage in the property turned over as assets, some Kansas land being appraised at \$40 per acre, sum if it were to be sold at a forced sale.

A COUNTY ELECTION.

Charges of Fraud Preferred by the Nebraska Representatives.

OMAHA, June 8.—Last fall the Democrats elected all the officers of Dakota county, Nebraska, and the county was overwhelmingly Republican. On Monday a suit was filed in the State Supreme Court by the Republican Central Committee, contesting the whole election. It is alleged that numerous gross frauds have been discovered by which the Democrats carried the election.

SWORD VS. CANE.

An ex-Justice of Montana Fences With an Ex-Governor.

Associated Press Leased-wire Service.

SAN ANTONIO (Tex.) June 8.—Millonaire J. A. McLeary, ex-Justice of the Supreme Court of Montana, under Cleveland's first administration, and Col. W. H. Brooker, a one-armed ex-Confederate cavalry officer, had a knife fight on the streets today. The trouble arose over a case now pending in the Federal Court. Friends interfered before damage any was done.

ELECTION FORGERIES.

The Case of Attorney-General Ellis of Michigan is in Court.

Associated Press Leased-wire Service.

MASON CITY (Mich.) June 8.—In the trial of Atty.-Gen. Ellis for alleged forgery of election returns today the State's witnesses appeared to flatly contradict each other on certain points regarding the circumstances under which the forgeries were committed. The testimony held tends to connect the Attorney-General with the forgery.

No Word About the Bear.

WASHINGTON, June 8.—No information has yet been received at the Navy Department in regard to the reported loss of the revenue steamer Bear, and the impression prevails here that a mistake has been made in the matter of identity of the vessel that was lost.

An Anglo-Conto Treaty.

LONDON, June 8.—Sir Edward Grey, in the House of Commons today, announced that Germany had refused full assent to the Anglo-Conto treaty, which she had raised respecting the Anglo-Conto treaty.

Receiver of an Oregon Bank.

WASHINGTON, June 8.—The Comptroller of the Currency has appointed Charles Jackson as receiver of the National Bank of Pendleton, Or., which suspended payment on May 16.

Confirmed by the Senate.

WASHINGTON, June 8.—The Senate, in executive session today, made public the following confirmations: Alexander G. Brice of Iowa Consul at Matanzas, and John P. Campbell of California at Port Louis.

The Joan of Arc Monument.

PARIS, June 8.—The Senate has agreed to a proposal to open a national subscription for money to be used in the erection of a monument to Joan of Arc.

A Blacksmith Hanged.

ST. LOUIS, June 8.—Blacksmith Lawrence Spiller accused of the murder of Little Rowe on April 18, in the suburbs of this city, was hanged today. Death seemed instantaneous.

The Harvard Swindler.

CHICAGO, June 8.—Edward R. Howe, the Harvard graduate charged with victimizing Harvard men, was found guilty today of obtaining money by false pretenses.

One of the Crittendens.

FRANKFORT (Ky.) June 8.—John H. Crittenden, a mail-carrier, son of Gen. Crittenden, and grandson of John J. Crittenden, has been arrested for stealing a letter containing money.

IT WAS A SQUEEZE.

The Freeland Handicap Well Contested.

Garrison Drives John Cooper in by a Head.

Potentate, the Favorite, Couldn't Keep the Pace.

Cowboys Kill their Mounts in the Long Distance Race—The Giants Whitewash the Colts—Other Ball and Races.

Associated Press Leased-wire Service.

NEW YORK, June 8.—The Freeland Handicap was one of the best races of the year and the finish was so tight that five judges alone could not separate the horses. Potentate looked like a winner, but three-quarters of a mile was all he wanted, and then he let up, leaving the race apparently for Assignee, but suddenly Garrison, on John Cooper, and Stimmis, on St. Julian, shot out of the bunch on the outside and in the last sixteen a terrific drive ensued. Garrison worked like a steam engine on his mount and inch by inch won down the lead of St. Julian, until he got the verdict by a short head.

Six furlongs: La Misere won, Dungan second, Reiff third; time 1:11.

One mile: St. Maxim won, Will Fonso second, Song and Dance third; time 1:40½.

Five and a half furlongs: Sabilla won, Applause second, Flush third; time 1:06.

Freeland Handicap, seven furlongs: John Cooper (8 to 1) won, St. Julian (5 to 1) second, Assignee third; time 1:36½.

One mile: Atrophin won, Clementina second, Roller third; time 1:40.

Six furlongs: California won, Prince of Monaco second, Glad third; time 1:12½.

EASTERN BASEBALL.

The Giants Treat the Colts to a Large-Sized Game.

Associated Press Leased-wire Service.

NEW YORK, June 8.—McGill did fine until the third inning, when the Giants scored all their runs on a home-drive by Rush, a three-bagger by Murphy, a muff by Anson, a single by Davis and a sacrifice by Doyle.

Postgame, 9 base hits, 4 errors. 1. New York 3, base hits 4, errors 1.

Batteries—McGill and Kittredge; Rusie and Farrell.

WASHINGTON-CINCINNATI.

WASHINGTON, June 8.—The visitors played an errorless game, and although they hit the Giants freely, the country's best failure to score is partly responsible for their defeat.

Washington 9, base hits 13, errors 3. Cincinnati 6, base hits 13, errors 6.

Batteries—Emery and McDuff; Murphy and Umpire, Hurst.

BROOKLYN-PITTSBURGH.

BROOKLYN, June 8.—Brooklyn won in the ninth inning today.

Brooklyn 2, base hits 6, errors 2. Pittsburgh 14, base hits 17, errors 3.

Batteries—Ganzell and Stivett; Buckley and Mack.

BALTIMORE-LOUISVILLE.

BALTIMORE, June 8.—Barnie's hard-throw team got another drubbing by the Baltimore in a one-sided game.

Baltimore 14, base hits 17, errors 3. Louisville 2, base hits 12, errors 3.

Batteries—Robinson and Hawke; Stratton and Earle.

BOSTON-ST. LOUIS.

BOSTON, June 8.—In all but one inning Stivett was a puzzle, while Clarkson was hit freely throughout.

Boston 12, base hits 17, errors 2. St. Louis 6, base hits 7, errors 4.

Batteries—Ganzell and Stivett; Buckley and Mack.

CLEVELAND-PHILADELPHIA.

PHILADELPHIA, June 8.—The Cleveland defeated the Phillies easily today.

Philadelphia 1, base hits 5, errors 0. Cleveland 4, base hits 9, errors 5.

Batteries—Weyhing, Grady and Clements; Young and Zimmer.

RODE THEM TO DEATH.

Warrants Issued for Parties Connected With the Cowboy Race.

Associated Press Leased-wire Service.

OMAHA, June 8.—A special to the Bee from Chadron, Neb., says that much indignation has been aroused here by the knowledge that the fine horses that were started in the 100-mile cowboy race are dead from the effects of the usage received. One dropped dead on the last mile.

An effort was made by the managers to cover up this fact. Warrants have been issued for the arrest of several persons connected with the race.

The Hawthorne Card.

HAWTHORNE (Ill.) June 8.—Half a mile: Red Top won, Neutral second, Little N. third; time 0:57½.

Seven furlongs: Ingomar won, Gascon second, Lulu third; time 1:28¾.

One mile and three sixteenths: Despot won, Fair Knight second, No third horse given; time 2:07½.

Six furlongs: The Spaniard won, Freddie L. second, Tom Jones third; time 1:17½.

One mile and seventy yards: Raguet won, Fair Knight second, Enthusiastic third; time 1:49¾.

Six furlongs: Cytanya won, Maj. Tom second, Zoolin third; time 1:24.

The Cincinnati Track.

CINCINNATI, June 8.—Only two favorites won at Latonia today. Two second choices and two outsiders got the rest.

One mile: Master Fred won, Gloria second, Ellen Douglas third; time 1:12¾.

One mile and seventy yards: Vaillant won, Pomfret second, G. B. Cox third; time 1:17½.

Six furlongs: Ashland won, Fra Diavolo second, Odylle third; time 1:16.

Five furlongs: La Fiesta won, Miss Reynolds second, Addie Buchanan third; time 1:09.

Nine-sixteenths of a mile: Bonavera won, Bara Mia second, La Bruja third; time 0:40.

One mile: Little Walter won, Trespass second, Advocate third; time 1:41.

St. Louis Races.

ST. LOUIS, June 8.—Six furlongs: Little Chon won, Russell Gray second, Princes Leon third; time 1:14.

Five furlongs: Momus won, Dr. Work second, Bob Carter third; time 1:02¾.

One mile and a sixteenth: Mounta'n Run won, Lord Wainwright second, Uncle Jim third; time 1:50¾.

Seven furlongs: Walter won, Pagan second, Mollie B. third; time 1:29¾.

One mile: Prince Carl won, Linda second, Logan third; time 1:42¾.

ENFORCE THE LAW.

The Fourth of July is not far off, and it is pertinent to inquire if we are as free and independent a people as we were when the day was first celebrated in honor of American independence? If our industries are to be at the mercy of mob law, and men are not at liberty to consult their own inclinations in deciding whether they will work or not at certain wages, but are at the beck and order of organizations who claim the right to settle all such matters for them; if only a certain number of apprentices may learn any given trade, and the rifle and dynamite and mob violence are left free to enforce the demands of labor unions, what becomes of the freedom and independence of the sovereign citizen, and the right of every man "to life, liberty and the pursuit of happiness?"

The industrial conditions in the great mining regions of our country are a shame and reproach to American civilization. Lawless mobs are in the ascendancy, and the powers that be seem unable or unwilling to cope with them. Governors, saturated with the damnable doctrines of anarchy, give their sympathy and moral support to the side which is trampling upon law and all the rights of property and labor, and lift not a finger to repress violence and outrage. And this condition of affairs is not a thing of a day, but of weeks, and the rights of society are disregarded and the law defied.

We do to adopt the methods of the Old World, and permit this disorderly element to have sway, enforcing their demands with the deadliest weapons of destruction, or will Americans assert themselves and demand that American methods and American principles shall prevail in the side which is trampling upon law and all the rights of property and labor, and lift not a finger to repress violence and outrage. And this condition of affairs is not a thing of a day, but of weeks, and the rights of society are disregarded and the law defied.

It is pleasant to notice with what promptness Gov. McKinley acts for the suppression of disorderly and riotous conduct in the State of Ohio. The call for troops is promptly responded to. There is no temporizing with lawlessness and no yielding to the madness of the mob. Had Colorado and Illinois such a man as McKinley in the executive chair the conduct that has disgraced those States would never have been enacted. The temporizing with wrong takes from those riotous hordes, and the ignorant aliens who are thronging the mining sections where these disorders prevail, all respect for the constituted authority of the land, and strengthens their belief that American liberty means license—a belief that is a dangerous menace to the quiet and order of communities and the perpetuity of our free institutions. This confusion and violence will not cease until men are made to feel the strong arm of the law and its omnipotence in suppressing misrule and disorder. When they have learned this we shall have peace.

SHALL ALL IMMIGRATION BE STOPPED?

In the discussion of the question of restricting foreign immigration to the United States few persons have heretofore gone so far as to advocate the absolute prohibition of such immigration from any and all countries. But this idea has been growing of late, and now has hosts of advocates among thoughtful men. If the present Congress would do something to win the thanks of the American people, and to benefit the entire nation, it would cease the eternal tinkering of the tariff, and would take up this immigration question in earnest, with a full determination to solve it to the best interests of all.

There is no doubt, as this journal has before remarked, that any political party which shall have the courage to place in its platform a plank demanding the entire suspension of immigration for a term of years—not less than five or ten—will thereby make a strong and successful bid for popular favor. The experiences we have had with foreign-born workers during the past few years have been such as to emphasize the necessity of stopping the immigration of any more of their ilk. That the turbulent class of foreigners should be shut out of this country is conceded by everybody.

But how are we to distinguish? Who can tell a "turbulent" immigrant from a peaceable one? And, in fact, what guarantee have we that the peaceable immigrant of today may not be the riotous one of tomorrow? We have no such guarantee and can have none, for there can be no assurance that the foreigners who came to this country of whatever degree, will have any adequate conception of the genius of our institutions or any adequate respect for our laws, unless compelled to show at least an outward semblance of respect at the muzzles of Winchester, or by the still more persuasive eloquence of galling guns.

Under ordinary conditions, the coming to our shores of a limited number of industrious, frugal and peaceable foreign workers would be, if not a blessing, at least not an evil to be feared and deprecated. But we are not now living under ordinary conditions. On the contrary, the situation of affairs is quite extraordinary. Labor is idle to an extent never before known in the land. Hundreds of thousands, even millions, of men willing to work are without employment. There is no immediate prospect of a betterment of this distressing situation. Such being the case there is certainly no need for any more workers to come to this country. We have all we need and more than we can find work for.

Why then prohibit any further influx of immigrants? Why not put up the bars and shut out the muddy stream, for a time at least, so as to allow our social atmosphere to become clarified? Why shall we not digest the crude and amorphous mass of "raw material" which we have already swallowed, to the great peril of our assimilation powers, before we attempt the deglutition of any more such material? It is barely possible that in the course of some years we may be able to assimilate, and to some degree Americanize, the horde of alien Americans, Socialists, malcontents and criminals now unfortunately quartered upon us, provided the doors be closed and kept closed while the process of assimilation is going on.

This thing is worth thinking about. But too much time must not be wasted in thinking and talking, lest action be too long delayed. In fact, in the opinion of right-minded men of all parties, action has been too long delayed already. The situation presents a grand opportunity for the Democratic party to make amends in part for the sins of omission and commission of which it has been guilty. But, with its usual obtuseness, the Democratic party will probably fail to embrace its opportunity.

THE SHOE INDUSTRY AND THE TARIFF.

The appended communication is self-explanatory.

VENETIA, (By-the-sea) Cal., June 4, 1894. (To the Editor of The Times.) Your article entitled "As to Raw Materials," in today's Times, seeking to show what you are pleased to call the sophistry of free-traders, refers to the shoe industry. Have you forgotten that there is no protection, not one atom of it, on hides, leather or shoes? And that, notwithstanding the absence of all tariff duties on shoes, the United States manufactures more shoes, better shoes, and cheaper shoes than other countries? And that the workmen in our shoe factories receive better wages than almost any other class of labor? Further, that the United States exports shoes in large quantities, especially to Australia?

Why is this? Your argument is hardly logical. Better select some other line than shoes. I am not a tariff-reformer, but believe in absolute free trade—free as air. Respectfully,
L. B. MASON.

The only real fault that The Times has to find with this correspondent's letter is that its premises are false, its logic is lame, and the conclusions are wrong.

In the first place, if he will consult paragraph No. 465 of the present tariff law, he will discover that sole leather and all other kinds of leather not specifically provided for in the act are subject to a duty of 10 per cent. ad valorem.

Referring to paragraph No. 466 he will find that calfskins, tanned or dressed, upper leather, patent leather, janned leather, etc., are subject to a duty of 20 per cent. ad valorem. If his eye follow this paragraph to the end he will likewise find that all boots and shoes made of leather are subject to a duty of 25 per cent. ad valorem.

Pursuing the investigation further, he will discover, in paragraph No. 457, that leather cut into shoe uppers, or vamps, or other forms suitable for conversion into manufactured articles, is subject to the same duties as manufactures of leather (paragraph No. 461) viz., 35 per cent. ad valorem.

Raw hides are on the free list. But in order to obtain free entry into our ports they must be absolutely raw, that is, uncurried, unprepared, and unmanufactured in any way (paragraph No. 605).

This one article of raw hides is the only article of consequence entering into the manufacture of shoes which does not bear a tariff duty. Even shoe buttons are assessed one cent per gross. It must be evident, even to the perception of this correspondent, that raw hides cannot be used in the manufacture of shoes without being subjected to the process of tanning or manufacture into leather, which must be done in this country if the hides are imported in the raw state. He will, therefore, perceive, if capable of perceiving anything without the aid of a surgical operation, that not only are shoes subject to a protective tariff duty, but that every article that can be used, as imported, in the manufacture of shoes, bears a duty.

It is quite true, as the correspondent enthusiastically observes, that more shoes, better shoes and cheaper shoes are manufactured in the United States than in any other country on earth. It is likewise true that the workmen in our shoe factories are paid high wages—far higher than are paid in any similar industry in Europe. The correspondent truly states,

furthermore, that we export shoes in large quantities to Australia and other countries. But when, in the future, he exits over these gratifying facts, let him remember that these splendid results have been achieved under the Republican system of tariff protection, not under the British system of "absolute free trade—free as air," to which he professes adhesion.

The Times, in the article which its correspondent attempts to criticize, did not select the shoe industry as an especially apt illustration of the benefits of tariff protection. Almost any other industry might have been chosen with equal aptness. Its argument was logical enough for all practical purposes, as its would-be critic is hardly in a position to deny.

Before the free-trade statesman of Ventura (by-the-sea) again essays the role of a gratuitous critic, it would be as well, perhaps, for him to spend a little time in studying the tariff schedules. After he has mastered some of them it is barely possible he will not be so enthusiastic in his "absolute free trade" as he now believes himself to be.

Sometimes it might be well for him to pull down his free-trade trousers (made in England).

There seems to be very little probability that the government's claim for \$15,000,000 against the Leland Stanford estate can be made to stick. Even Atty.-Gen. Olney seems not to have very much faith in the legal status of the claim. It is well, however, that the question should be brought to a full test in the courts, in order that it may be permanently determined. Certain it is that in equity Leland Stanford, at the time of his death, owed the government of the United States vast sums of money wrongfully withheld by him and his railway associates. We have always believed that his university was built with the proceeds of property chiefly belonging to Uncle Sam.

The resident of Southern California, as regards the mad antics of the elements in other parts of the world, has cause, each day, for devout thankfulness that he lives in a portion of the world where disasters from this cause are at a minimum; where one delightful day follows another with such regularity that one forgets to talk about the weather—and too often forgets, mayhap, to be duly thankful for the blessings of this favored clime, Southern California has some drawbacks, perhaps, but it has fewer than almost any other section of the globe.

People who believe in the theory of special providences will not find much consolation in the sad incident at New Era, reported in yesterday's dispatches, in which a church filled with children was struck by lightning, seriously injuring a number of the little ones, and reducing a portion of the structure to kindling-wood. When the elements get on a rampage they show very little respect for persons or localities, and a church filled with worshippers is as liable to injury as a circus tent crowded with unregenerate sons of—Belial.

That portion of the Coxey army who have reached the Mecca of their desires—the national capital—are not happy, for their fare for three days last week consisted of bread and water. Their millenium does not come all at once, as they hoped it would, and it would be a fearful thing, if by and by, they should be compelled to disband and go to work. Earning their bread in the sweat of their faces would be something very different from being fed week after week at the public crib.

What with floods, hailstorms, droughts, cyclones and plagues, this poor, old world of ours is having a tough time of it. Sometimes it really does look as if it were on its last legs. The human race, as a whole, is mixed up, too, with the Democracy in power in this country. Industrial and financial convulsions are the order of the day with us, and the bird of freedom is having his wings fearfully crippled. If things go on in this way it will soon be impossible to tell "where we are at."

That is a large contract just taken by R. E. Leonard & Co. of Minneapolis for a consideration of \$2,000,000 to construct an irrigating canal 110 miles long in Maricopa county, Ariz., by which 400,000 acres will be put under water. There are magnificent investments awaiting the employment of capital throughout the arid West, which will afford large and safe returns, if only men of wealth can be made to see the great advantages thus offered.

Rev. Samuel McNeill, the Baptist preacher who was arrested and pleaded guilty, and was fined \$10 for inciting a riot at Carverville, Ill., had evidently forgotten the passage of sacred scripture which says: "Blessed are the peacemakers," etc. When ministers of the gospel become inciters of riots what can be expected of ignorant and brutish men who are controlled more by passion than by reason?

Populism will die young. The people of the United States are getting exceedingly tired of the vagaries, the fanaticism and incipient anarchy, and the whole country is waking up. When fully awake Populism and Democracy will meet their final doom, and it will be for them a political Waterloo from which they can never recover.

The Arizona Citizen has been endeavoring to find the ratio of Democratic Congressional intelligence, and it gives as its estimate 16 of 100, or 16 per cent. The estimate of common sense is pretty high if we figure from what Congress has accomplished since it assembled as a purely Democratic body.

Three hundred Poles, Bohemians and Austrians have just started for Washington from Chicago to join Coxey's "army." They are led by "Col." Joseph Rybakowski. Here is more evidence of the "spontaneous uprising of the American people," of which we have heard so much.

As if the recent revolution had not killed off enough people in Brazil, the people of that republic now propose to celebrate our Fourth of July!

The Hawaiian flag now floats over the barren rocks of Necker Island and the country, up to the hour of going to press, was safe.

It's Hard, but Let's Ah Try.
When you've got a thing to say, Say it! Don't take half a day, When your tale's got little in it, Crowd the whole thing in a minute! Life is short—a fleeting vapor—Don't you fill the whole blank paper With a tale which, at the end, Could be cornered in an inch! Bill has downed the whole thing, Polish her until she glimmers. When you've got a thing to say, Say it! Don't take half a day.
—Atlanta Constitution.

[SOCIAL RECORD.]
IN SOCIAL SPHERES.

An enjoyable dinner was given Thursday evening by Miss Henrietta Anderson, of West Twenty-third street. She was assisted in entertaining by Mrs. H. J. Doolittle and Miss Olga Marx. Dancing was indulged in. Those present were Messrs. B. A. Benjamin, H. H. Henderson, D. Anderson, W. E. Tyler, Joe Bumiller, Harry Germain, W. M. Edwards, Fred A. Clegg, V. Wankowsky and Harry T. Cashman.

PRETTY LUNCHEON.
Mrs. Thomas A. Lewis, of Figueroa street, gave a pretty luncheon Thursday afternoon at 2 o'clock. The drawing-rooms were decorated with roses and gladioli. The table in the dining-room was greatly admired.

In the center was a handsome silver candelabra holding many pinned wax tapers. Around the cloth was a border formed of a chain of daisies, poppies and bachelor buttons, and on either end of the table were cut-glass vases filled with the same flowers. The place-cards were hand-painted, the design being bow knots and pink rose buds. An elaborate menu was served. One of the features of the luncheon was the rare old china which has been in Mrs. Lewis's family for generations. Mrs. Lewis looked very charming in a gown of white china silk, figured with bouquets of delicate pink flowers, and trimmed with lace. Covers were laid for twelve. The guests were: Messrs. I. N. Van Nuy, H. J. Fleischman, George Denis, Albert M. Stephens, Cameron E. Thompson, Mosley, W. Childs, G. Wiley Wells, Fred C. Howes, J. F. Conroy, and Miss Alden.

BOOK PARTY.
A book party was given Thursday afternoon by the literature classes of Mrs. Anna S. Averill, at the residence of Mrs. C. E. Davis, on Court street. The affair was in the nature of a reunion, as it has been more than a year since the classes were together. The house was prettily decorated with flowers. The guests were: Mrs. C. E. Davis, Mrs. W. Childs, Mrs. J. F. Conroy, Mrs. H. J. Doolittle, Mrs. H. H. Henderson, Mrs. D. Anderson, Mrs. W. E. Tyler, Mrs. Joe Bumiller, Mrs. Harry Germain, Mrs. W. M. Edwards, Mrs. Fred A. Clegg, Mrs. V. Wankowsky, Mrs. Harry T. Cashman, and Mrs. Thomas A. Lewis.

THE PANSY CLUB.
Large and appreciative audiences witnessed the dramatic drills produced by the Pansy Club, on the nights of June 6 and 7, at the Methodist Episcopal Church, corner Sixth and Maple avenues. The evolutions of these beautiful drills were given with a precision, which would have been creditable to soldiers. The success of these exhibitions is entirely due to the untiring efforts of Miss Annie Hallinger (captain) and her body of little girls, consisting of a club, Miss Mame Hankerson was accompanist.

NOTES AND PERSONALS.

Mrs. L. C. Goodwin left yesterday for Alhambra, where she will be the guest of Mrs. J. A. Graves for several days. Her husband and family have gone to Catalina for the summer.

Mrs. W. L. Graves of South Pearl street has issued cards for a book party Thursday, June 14, at 2 o'clock.

Mrs. M. S. Hollman and Mr. and Mrs. Herman Frank have returned from San Francisco.

Mr. and Mrs. Max Meyberg returned Thursday from a pleasant visit to the Midwinter Fair.

Mrs. John Kahn is expected home Sunday. She has been visiting her sister in Oakland for the past month.

Mrs. Nellie Frank of South Hill street returned Tuesday from a three weeks' visit to San Francisco.

Tue and Mrs. Frederick Blanchard, Miss Tucker and Mrs. H. H. Henderson, of the party to "Saragosa" Thursday evening at the Grand Opera-house.

Miss Emma Noble leaves tomorrow for the Midwinter Fair. She will be absent about two weeks.

Mr. and Mrs. G. J. Griffith are in San Francisco.

Mrs. John McCrea, who has been in San Francisco for the past month, has returned to this city.

Miss Sepulveda of Castelar street has returned from a seven weeks' visit to the Midwinter Fair.

Mrs. J. C. Noonan and two children have returned from the North.

Dan Jacoby of the Southern California Cigar Company left Thursday for the Midwinter Fair. He will be absent ten days.

Marco Newmark, son of H. Newmark, is expected home Sunday from New York, where he has been attending school for the past year.

Mrs. Hancock Banning left Thursday for Catalina, where she will spend the summer. Miss Hine of San Francisco accompanied her.

The Misses Helme, the well-known musical trio, are expected home, after a two years' tour in Europe, to give several concerts on their arrival here.

The members of the Tuesday Night Club gave a tandem theater party Monday evening to the performance of "The Player," at the Grand Opera-house.

The Assistance League will meet at the residence of Mrs. Frank Hicks Saturday afternoon, at 2 o'clock.

The Daughters of the American Revolution will meet at the residence of Mrs. Houghton, 116 Pearl street, Saturday evening, June 16.

Our engraver worked five years for the best house in Chicago. We turn out superior work only. The William M. Edwards Company, No. 114 West First street.

OPENED TODAY.

The New North Beach Bath-house at Santa Monica.

As heretofore announced, the new North Beach bath-house at Santa Monica will be opened to the public today. The structure is the largest and finest of its kind on this coast, being 440 feet long by 125 feet wide. The southern end is two stories high, containing, in the basement, machinery for heating water for the bath-tubs, of which there are about fifty, also for washing and drying the bathing suits. The upper story contains the first floor is the main entrance leading from a broad veranda, which runs the entire length of the building. Connecting with the main hall are the 300 dressing-rooms, on one side, and the room for resting and smoking on the other, which is supplied with literature and other conveniences. On this floor, too, is the large ballroom, 50x75 feet in dimensions, with its complete outfit of a dancing room, commanding a view of the ocean. A photograph gallery, barber shop and manicure parlor are also located on this floor.

On the roof is a broad and pleasant promenade, commanding an excellent view of the beach in all directions. Located at the north end of the building, and adjoining the dressing-rooms, are the plunging, 150x50 feet in size. The smaller for women and children, varies in depth from 2 1/2 to 4 feet. The larger one from 4 to 14 feet. At night they will be electrically lighted from below the surface of the water.

The bath-house is the property of the Santa Monica Bathing Association, a corporation owned by the Jones interest. Money has been untidily used to make the bath-house a fit establishment for the patronage of Los Angeles and the whole people of Southern California.

FIELD OF POLITICS.

Aftermath of the County Convention.

Two Incidents That Should Not Be Overlooked.

San Bernardino Republicans to Meet at Ontario Today.

Some of the Candidates Who Will Be Indorsed for State Offices—Details of the Riverside Convention at Perris.

Here are a few points about the late Republican County Convention, which are now published in the nature of "aftermath," and make "mighty interesting" reading. It won't do to let them get away.

In the forenoon session, when the resolution was first introduced which ruled out aspirants for delegates-at-large who had just been rejected at the primary polls, and were consequently not members of the county convention, the discarded statesman of the Fourth Ward, towit, H. Z. Osborne, was occupying a seat on the platform, well to the front. As soon as the purport of the resolution had penetrated to the spot where his massive intellect is supposed to reside, he fell back in dismay to the rear of the platform, and a little later disappeared, white with fear, not to say furious with indignation. Subsequently, after the resolution had been reported back from the committee, and when the convention had the supreme audacity to adopt it, the chief victim was seen to be livid with rage and came near falling down in a fit. The convention went right on with its business, leaving the left-over candidate green with envy, not to say purple with passion. He, however, (in wise imitation of the alligator who had the fight in the water with "water snake," as related by that accurate historian, K. N. Pepper) "slowly went off to cool."

It was Arthur of Pasadena who alighted onto that bad break (or worse) of the R.Y.J., to-wit: Davies of the Express, in reporting the work of the Committee on Order of Business. Arthur smoked out the mess in great shape. "Johnny was a Welshman," and it was no time at all before the committee, by permission of the convention, had reassembled and undid the asinine work of the R.Y.J. The garbled report was rejected with great violence and a true report brought in p.d.q., much to the chagrin of Secretary J. Mills Davies, etc., etc. (Sole.)

Mr. Osborne, in his campaign for delegate-at-large, made just 519 personal, pledged, written appeals to the delegates, and just 519 delegates turned their flinty faces away from him and refused to send him to Sacramento as a large delegate. The convention made a bee line for that desecrating resolution, and as though it were a harbor of refuge in a political storm, and promptly took shelter within its comprehensive folds. They struck a great streak of luck and have been hugging themselves ever since.

SAN BERNARDINO REPUBLICANS.

The Convention Will Meet at Ontario Today.

ONTARIO, June 8.—(Special Correspondence.) The Republican County Convention, which meets here Saturday, is the first held since the division of the county, and it will be a novel sensation to look over a convention, without the big delegation and the prominent leaders from Riverside. In spite of the loss of the Republican stronghold of Riverside, the convention will be a large one—178 delegates distributed as follows: By Supervisor districts: First district, 35; second, 40; third, 39; fourth, 35; fifth, 29. The larger towns will be represented as follows: San Bernardino, 53 delegates; Redlands, 24; Ontario, 18; Colton, 12.

The county is entitled to seventeen delegates to the State and Congress conventions, and it is expected that separate sets of delegates will be chosen. It seems probable that two delegates-at-large will be elected, and three from each Supervisor district. H. L. Drew, Richard Gird and Joseph Brown have been suggested as delegates-at-large.

The county has no fewer than four candidates for the State ticket: E. C. Seymour of Elwood, for Governor; Scipio Redlands, for Lieutenant Governor; Joseph Brown of San Bernardino, for member of the State Board of Equalization, and Thomas Gillyly, for Railroad Commissioner.

The delegation to the State convention will undoubtedly be made up in Brown's interest, but no resolution of instruction regarding any candidate is likely to be passed. The charge that Brown bribed Redlands, the Humboldt reformer, to vote against the Riverside County Bill, is laughed at here. He is too honorable and too shrewd to be mixed up in any deal of that sort, and votes weren't bought at retail in that sort of a way.

RIVERSIDE REPUBLICANS.
Proceedings of the County Convention Held at Perris.

PERRIS, June 8.—(Special Correspondence.) The Republican County Convention (briefly referred to in the telegraphic columns of The Times this morning) met yesterday afternoon at 11 o'clock.

A special train arrived from Riverside at 1 o'clock, bearing eighty delegates and an hour was spent in caucusing. Some of the candidates for the State honors were observed among the crowds, but there seemed to be little diversity of opinion.

The convention, to consist of 130 delegates, was called to order by A. S. White of Riverside and J. H. Wilson, secretary of the Republican County Committee, read the call for the convention.

On Creditors' Discharge. H. M. Streeter of Riverside, C. Barker of Banning, elected temporary chairman. George E. Bittinger of Riverside was chosen temporary secretary.

After several motions and counter-motions upon the matter of committees the tangle was unraveled and the following committees appointed:

Permanent Organization and Order of Business—C. W. Finch, Riverside; J. H. Wilson, Riverside; George B. Dunham, Moreno; S. Middlecott, San Jacinto.

Business—C. C. Hudson, South Riverside; George Frost, Bradford Morse, Riverside; Thompson Frame, Elsinore; F. T. Lindeberg, Winchester.

Resolutions—E. B. Alderman, Riverside; A. H. Nafziger, Riverside; J. W. P. Baumgartner, Riverside; Dr. W. B. Payton, Perris; J. A. Adams, San Jacinto; William Collier, Riverside; E. W. Holmes, Riverside.

A recess was then taken for lunch and to give the candidates an opportunity to prepare their reports.

Upon reassembling the report of the Committee on Credentials reported 118 of the 130 delegates present. The temporary organization was then made permanent. The Committee on Resolutions then submitted the following:

"We congratulate the Republicans of Riverside county and the delegates here assembled upon the success of our county organization and the splendid prospects for the ascendancy of the party over the whole county."

"Resolved, that we regard with great satisfaction the growing demand among

FATALLY BURNED.

Shocking Death of Mrs. Harry Isaacs.

Accidentally Set Fire to Her Clothing by a Gasoline Stove and Was So Badly Burned That She Died in Five Hours.

Mrs. Harry Isaacs, the wife of the well-known baggage-master at La Granda Depot, met with a shocking death yesterday morning, at her home on the corner of Rose street and Stevenson avenue.

The unfortunate woman, who had until recently been confined in an insane asylum, and was still under treatment for a mental disorder, had been left by her husband, who was summoned to San Francisco for a few days on business, in the care of her friend and next-door neighbor, Mrs. Gilman.

The latter, who slept with Mrs. Isaacs on Thursday night, arose about 6:30 o'clock yesterday morning, and proceeded to prepare breakfast for the Isaacs family and herself. After lighting the gasoline stove and setting the table, Mrs. Gilman left the house for a few minutes in order to get something from her own house.

Upon her return she was horrified to find Mrs. Isaacs in the yard, enveloped in flames, her clothing being ablaze. As soon as possible Mrs. Gilman procured a blanket and wrapped it about the unfortunate woman, extinguishing the flames. Mrs. Isaacs, who was shockingly burned, was then carried into the house and Mrs. Powers and Wing summoned to her assistance; but, in spite of the fact that everything which science could suggest was done to alleviate her sufferings, she gradually sank, and died some five hours later.

In spite of the shock and the agonies she endured, Mrs. Isaacs retained consciousness almost up to the time of her death. Upon learning from the attending physicians that she could not live, she expressed satisfaction and the hope that her release would be speedy. Calling her two children to her side, she calmly bade them good-by, and left a message for her husband as to their care. When questioned by Dr. Wing as to how the affair happened, the injured woman stated that her clothing caught fire while she was filling a gasoline stove. This statement, however, is not borne out by the facts, as the stove did not appear to have been touched after Mrs. Gilman left the house, and the gasoline can was found by contact with the burners of the stove; but, as no one saw her at the time, the truth will probably never be known.

Coroner J. H. B. Adams, at the time of the affair, upon his return from Santa Monica, and under his directions, the body was removed to the undertaking establishment of Mr. & Bird, where an inquest will be held today.

George Frost of Riverside then offered the following, which was carried unanimously:

"Resolved, that we recognize the business ability and eminent qualifications of R. Q. Wickham of Orange county, who is to be a candidate for the State and Congress, and we should return the compliment and indorse her candidate."

George Frost and Frank Miller spoke in opposition to sending delegates to the State Board of Equalization, thus tying their hands, and Lyman Evans and L. Middlecott spoke in favor of instructing delegates. Upon motion and vote, the resolution was amended to read "recommend," instead of "instruct."

The five Supervisor district delegates then assembled in caucus to nominate their delegates to the State and Congress conventions, and, upon reassembling in convention, the following were named and approved by the convention as delegates to the State convention:

First Supervisor District—Dr. R. D. Barber, South Riverside, and Frank D. Lewis, Riverside.

Second District—A. J. Johnson, A. H. Nafziger and M. J. Daniels of Riverside.

THE PUBLIC SERVICE

Meeting of the Board of Public Works.

The Park Lane Matter Again Under Discussion.

Both Sides Given a Fair and Impartial Hearing.

The Southern California's New Track on Mateo and Palmetto Streets Causes Some Debate and Results in an Investigation.

At the City Hall yesterday there was the meeting of the Board of Public Works and in the afternoon the Councilmen were most of them busy with various matters connected with committee work.

At the Courthouse the trial of the alleged train-robbers continued to monopolize attention.

AT THE CITY HALL.

PUBLIC WORKS.

The Opening of Park Lane—The Santa Fe's New Track.

The matter of the proposed opening of Park lane from Seventh street to Eighth street, in the block lying between Flower and Pearl streets, was considered, and hearing on the same was given again yesterday before the Board of Public Works.

The proceedings for the opening, as proposed, were instituted some time ago in compliance with the request of the owners or representatives of a majority of the frontage affected. There were in due time some protests presented, and after the time for protest expired a hearing on them was given, and they were thereupon denied. The proceedings were continued and commissioners were appointed for the assessment of benefits and damages. At last Monday's meeting of the City Council it was ordered that the commissioners be requested not to proceed further with their work until further orders of the Council.

Before the board yesterday James Burdette, Esq., appeared in behalf of those who still desire to have the alley opened. He said that because one or two of those who signed the original petition for the improvement have since changed their minds it is no good reason for the proceedings being abandoned at their present stage. If such reasons were to be given and accepted as valid in all cases proposed street improvement, most improvements might be stopped. It is conceded, he said, that there should be more allies in the city than there are, and the Council, therefore, in the face of the fact of every good opportunity to have an alley put through or opened.

A. B. Hotchkiss, Esq., spoke in behalf of the property owners who oppose the work. He argued that, although the Council may perhaps have a legal right to go ahead with the proceedings, it would be an injustice to the owners of property having more than a majority of the frontage affected.

The matter was then taken under advisement.

In the matter of the motion of Councilman Strohm that the Street Superintendent be instructed to remove the tracks of the Southern California Railway Company where the same cross Palmetto and Mateo streets, which motion had been referred to the board, Chairman A. P. Maginnis was heard in behalf of the company.

Mr. Maginnis explained that the company, previous to the laying of the track, made proper arrangements for the right-of-way on all private property over which the track passes. The only place where the track crosses a public street is at Palmetto and Mateo streets, where the track runs within the street line for a distance of about sixty feet. When he said, he said, did not wish to infringe at all upon the rights of others, but had the track across the street before asking permission to do so, in order that there might be no injunction issued restraining the company from doing the work before the track could be laid across.

He further explained that the company, before laying the track across the street, secured proper permission from the management of the street line running along the street at that point.

In the afternoon a number of the Councilmen, in company with Mr. Maginnis, visited the place in question, but did not see the street line. The track was found to cross the street as Mr. Maginnis had stated. There are no houses in the immediate locality, and there is no probability that there will be no improvements made near there of a nature that would be injured or seriously affected by permitting the track to remain where it has been laid across.

Although none of the Councilmen were heard to make binding statements regarding the matter, several of them were heard to express themselves in favor of the fact that there seems to be no harm in advertising for a franchise for the sixty feet or so that the track runs on a public street, with the understanding that the successful bidder for the franchise must pay the expenses for advertising.

Collection of Taxes.

City Tax and License Collector Wade reports the collection of \$39,611.01 of tax on personal property tax out of a total of \$4141.82 devolving upon his office to collect, leaving only \$172.71 to be collected.

It will be remembered that last year the tax rate was fixed at \$1.20. The tax on personal property is collected by the City Assessor each year on a basis of the tax rate for the year before and the difference of deficiency or excess of excess between the two rates, as the case may be, is collected by the City Tax and License Collector as has been done this year, or in the case of a deficit paid on proper demands on the City Treasurer.

Mr. Brown's Term of Office.

Considerable talk was heard about the City Hall yesterday regarding the term of office of the City Superintendent of Schools. The minutes of the meeting of the Board of Education held on the evening of June 12, 1893, show that Leroy D. Brown was elected to that office for a period of eleven months from August 1, 1893, which period will expire July 1, 1894.

Sec. 1793 of the State School Law says: "City superintendents of schools, elected by city boards of education shall be elected for a term of four years." It is contended that this provision of the State law is unconstitutional, but on what ground the claim of its not being constitutional is based is not stated.

City Hall Notes.

Thomas Hammond and others have filed a petition to the City Council asking permission to grade by private contract, under direction of the Street Superintendent, the alley in block C, between Bonnie Brae street, between Seventh and Eighth streets. Assessments for the opening of Castelar street into Bellevue avenue will become delinquent June 15.

Clerk Chambers of the Police Court reports for the month of May the collection of fines amounting to \$13,445.

Politics is all the talk at the City Hall, and but little else is discussed about the corridors.

The Finance Committee of the Council will probably meet in the office of the City Clerk this afternoon.

City Electrician Thye is rapidly getting

the new fire-alarm apparatus in ships, and hopes to have it in working order during the coming week.

AT THE COURTHOUSE.

THE COURTS.

The Divorce Case of Mrs. L. M. Warner vs. Clarence A. Warner on Trial.

The doors of Judge Clark's department of the Superior Court were closed yesterday for the divorce case of Mrs. L. M. Warner vs. Clarence A. Warner on trial, and the indulgence of the court was asked in order that the family differences might not be furnished the public ear.

It is understood that there are charges and counter-charges involved in the issues of the cause, desertion being the plea on both sides. Report has it that Mrs. Warner, becoming dissatisfied with her husband's actions, left his house and went to live with her relatives until one year had elapsed, when she filed complaint for divorce; that upon being informed of this the husband at once filed a counter-charge alleging the same cause. Upon this alleged state of affairs the case is being tried.

Court Notes.

Judgment was awarded the plaintiff yesterday in Department Five, in the case of Ide vs. Siegel, for \$289.50. The suit was for goods sold and the amount of judgment was admitted by the defendant and tendered in court. The plaintiff sought to recover a larger sum of money, however, but did not furnish proof that such was due. Consequently the defendant was relieved from costs.

Judge Van Dyke granted the petition of the Plymouth congregation yesterday, for leave to mortgage property.

A decree of divorce was granted the plaintiff in the case of Carrie Stillwell vs. H. Stillwell yesterday, by default, in Department Five.

New Suits.

Preliminary papers in the following new suits were filed with the County Clerk yesterday:

E. W. Sargent vs. C. H. Forbes, administrator, for \$34,70 on promissory note.

Caleb H. Libby vs. John H. Myers et al.; for \$950 on foreclosure of mortgage.

Petition of Juan Eramame to be declared an insolvent debtor.

L. W. Blinn vs. J. P. Ward et al.; for \$362.01 on foreclosure of mortgage.

National Bank of California vs. J. W. Morris et al.; for \$1157.42 on foreclosure of mortgage.

Henry Vanderloef et al. vs. G. P. W. Jensen et al.; for \$1500 on promissory note.

James J. McQuinn vs. J. W. Jensen et al.; to have declared void and conveyance fraudulent.

THE POLICE COURT.

Max Kaufman Pleads Not Guilty—Katzberger's Case.

In the Police Court yesterday the case against Arthur W. Knoeller, charged with having failed to provide for his family, was dismissed upon motion of the District Attorney, and the defendant discharged.

Max Kaufman was arraigned upon the charge of having ticket No. 92,046 of the Honduras National Lottery Company in his possession, and, upon entering his plea of not guilty thereto, was placed under bonds for trial on Tuesday next.

S. O. Eikenberry was arraigned upon the charge of battery, preferred against him by J. C. Moore of No. 521 South Los Angeles street, over whose head he broke a cane, at the corner of Spring and First streets, yesterday morning during an altercation over a woman, and, upon pleading guilty, was fined \$2.

Edward Katzberger, alias Katz, who was convicted of vagrancy on Wednesday last, and permitted to go upon his recognizance, failed to respond when called upon to appear for sentence yesterday afternoon, but Justice Austin ordered that he be imprisoned in the City Jail for that effect.

The probabilities are that he has left the city, but he should be picked up by the police, as he certainly will be if he returns to the city to work with the chain-gang will assuredly be his fate.

GOOD MORNING, EVERYBODY.

This Day is Saturday, June 9, 1894,

And We are Going to Do the Shoe Business of the Town From This Date On.

Our great tariff reduction sale is the trade-winner of the season.

It is such a good and so spontaneous that we have determined to celebrate it in royal style.

THE MAMMOTH'S INITIAL GRAND CONCERT.

Will be inaugurated today. The Mammoth Orchestra, under the leadership of Prof. Carl Angelotti, the celebrated virtuoso, will play the following selections during the day and evening:

- "Washington Post March" (Souza).
 - "Romantic Overture" (Kola Bela).
 - Waltz, "Artist's Life" (Strauss).
 - Serenade, violin solo (Moszkowski).
 - Medley popular airs by Angelotti.
 - Waltz, "Daisy Bell."
 - "High School Cadets" (Souza).
 - Selections, "Ermeline" (Jacobsfakt).
 - Waltz, "Mau Volsine" (Waltfute).
 - Overture, "Lutspell" (Kola Bela).
 - "Belmont March" (Suppe).
 - "Mammoth March" (Sprecher).
- The piano used during these concerts is from Kohler & Chase, No. 233 South Spring street.
- We want every one to call on us and enjoy this grand music. Plenty of seats for all. It is not necessary to purchase. Drop in, see our bargains and listen to the splendid orchestra.
- Melodious attractions that will give pleasure over the dollars that are saved.

TODAY.

Men's fine satin calf congress or lace shoes, something extra, \$1.95.

Misses' grain tip school shoes, spring heels, 75c, cheap at \$1.25.

Ladies' russet Oxfords for summer wear, \$1.45; genuine beauties; see them.

Ladies' fine kid, button, patent-tip, button shoes, at \$1.50; a beauty.

Men's Southern ties for summer wear, just in, only \$2.50 today. Only just enough to last one day.

Ladies' patent-tip, kid Oxfords at \$1, neat and durable.

Ladies' white canvas Oxfords, \$1.45, very fine, very stylish.

Men's calf shoes, the dressiest in the market.

Don't fail to hear our concert. Splendid music, magnificent bargains, and a great big time for every one.

THE MAMMOTH SHOE HOUSE.

No. 315-317 South Spring street, between Third and Fourth streets.

GO TO Bryson Lumber Company to buy best lumber. Office, No. 287 West Second street, Bryson Block.

FIVE gold medals, World's Fair, Columbus Exposition Company's buggies lead where money is made. Buy them. No. 210 North Main street.

W. B. TULLIS, watchmaker, 403 South Spring street.

SHARP & SAMSON, funeral directors, No. 536 South Spring street. Tel. No. 1028.

HOUSE AND LOT

An Encouraging Sale of City Property.

The Increasing Demand for Lots on the Hills.

East Los Angeles and the New Electric Line.

Good Sales on the East Adams Street Tract—Street Tree Planting in San Diego—Northwest Improvements—Building Notes.

The sale of miscellaneous properties at auction on the 2d of the month resulted so encouragingly to the agents that they have resolved to hold a similar sale of property at least once a month. There was a good attendance at the sale and quite a lively bidding for the various pieces which were offered, several of them being sold at prices which are considered quite satisfactory.

The first lot put up was the Roberts block, which was knocked down to Joseph W. Wolfkill for \$45,000. The lot is 153x153, and the building a three-story brick building, with a front porch.

The Vickers block, northeast corner Main and Sonora, a five-story brick building, five stories and eighty rooms, renting for \$240 per month, brought \$28,100, and the sale was confirmed by the bank. W. S. de Van was the purchaser of a vacant lot 60x113 on Castelar near Temple at \$4000.

This sale has had the effect of showing that there is a sale for anything that is really cheap, even when the time is considered quite dull by the market. These sales will furnish a good indication of the actual condition of the market, and at the same time afford owners who really wish to sell at reasonable prices a chance to dispose of their property.

SOME SALES.

Among recent noteworthy sales is that of thirteen lots in the Belgravia tract for \$25,000; that of the Brunson house and lot at Grand avenue and Third street for \$20,000, and that of lot 10 in the Park west side, between First and Second, sixty feet front, for \$32,000.

BROADWAY.

This latter sale is another evidence of the firm demand which exists for property on Broadway. Prices are now paid for property on this street which are altogether beyond what would be expected from the height of the boom. The future of the street as a prominent retail thoroughfare is fully assured, and the demand for property is likely to be maintained for some time.

The opening of North Broadway, which is likely to occur very soon, will still further improve values along the line. At the same time South Broadway, at Tenth street, is to be widened.

THE WESTERN HILLS.

One of the most noteworthy features of the real estate market during the past few months has been the marked increase in the demand for hill property, especially out in the Westside. With the opening of a car line there would certainly be a big jump in values.

The excitement in and around the oil district rather increases this demand. The wells are still being pumped steadily and it was reported this week that a flowing well had been struck. Meantime there is quite a lively demand for lots which are being sold at prices which are not easy to predict just what the outcome of this oil excitement will be, but the fact that the demand for hill property is certainly an encouraging sign. The oil is of good quality that the Puente people have offered to take the whole output for the purpose of mixing with their own product.

THE OIL BOOM.

The excitement in and around the oil district rather increases this demand. The wells are still being pumped steadily and it was reported this week that a flowing well had been struck. Meantime there is quite a lively demand for lots which are being sold at prices which are not easy to predict just what the outcome of this oil excitement will be, but the fact that the demand for hill property is certainly an encouraging sign. The oil is of good quality that the Puente people have offered to take the whole output for the purpose of mixing with their own product.

BUILDING.

The Builder and Contractor notes the following uncontracted new work:

Plans are being prepared for a two-story building to be erected in the rear of No. 123 South Broadway, estimated cost \$6000.

Plans are being drawn for the erection of a two-story, colonial style, dwelling, to be erected on Beacon street; it will cost \$5000.

J. Wallenslager is having plans prepared for two cottages of six rooms each, to be erected on Seventeenth street, at a cost of \$2100.

Plans are being prepared for Mrs. Mary Bills for a two-story tenement, to be built on West Sixth street, cost \$6000.

Mrs. W. A. Elderkin is having plans prepared for the erection of a two-story dwelling in the Harper tract. It will contain six rooms, cost \$2100.

Thomas Hughes will build a two-story brick building on the corner of Fifth and Wall streets; it will contain four stores and four flats above; cost about \$15,000.

Plans are being drawn for four flats, to be built for Mr. Van Nuys on Hill street, between Brighton and Ninth streets. They will be finished in white cedar, with plate glass, and will cost about \$6000.

Plans are being prepared for Mrs. McCall for a two-story frame building, to be erected at Tenth and Hope streets, to cost about \$6000.

BUILDING PERMITS.

F. Busch, dwelling, Girard, between Alvarado and Burlington, \$1000.

Lucy B. Jencks, dwelling, west side Santa, between Eleventh and Twelfth, \$3000.

A. W. Paine, dwelling and barn, Twenty-first, between Union and Bush, \$2000.

W. A. Frick, dwelling, Water, between Mozart and Albion, \$1200.

R. S. Burns, dwelling, Bonnie Brae, between Fourth and Fifth, \$1400.

F. S. Hutchins, dwelling, Boyle avenue, between Third and Fourth, \$2900.

C. C. Bart, alteration of dwelling, between Robinson and Reyes, \$1750.

T. J. Robinson, dwelling, Ninth, between San Pedro and Central avenue, \$1500.

Bonallio avenue, between Washington and Twenty-first, \$1000.

DEATH RECORD.

MEAD—At his residence in this city, Thursday at 2:30 p.m., Alexander J. Mead, Funeral service by Rev. J. F. G. Finley at Bellevue-avenue Methodist Episcopal church, Sunday, June 10, at 10 o'clock a.m. Court Temple, No. 510, Independent Order of Foresters, will participate in the funeral services. All members will meet at their hall at 9:30 a.m.

STICKNEY—In this city, at 7 p.m., June 8, 1894, Mrs. Sarah J. Stickney, aged 51 years, mother of Miss G. T. Stickney.

The funeral service will be held on Sunday afternoon at 3 o'clock in the chapel of Kregels & Brees, No. 567 South Broadway. Relatives of the family are invited to attend without further notice.

WHEN YOU BUILD.

Leave out one chimney and fireplace and save enough to pay for one of F. E. Browne's fireplaces, put up ready for use. No. 214 South Spring. Send for circular.

MOTHERS!

Be sure and use "Mrs. Winslow's Soothing Syrup" for your children while teething. The best of all.

25c ENVELOPES, 50c; 14 cream writing paper, 50c. Langstaffer, 214 West Second.

CHILDREN'S school shoes, the best and cheapest, at Joseph Block, No. 113 East First street, east of Main.

EVERYTHING ON WHEELS.

Hawley, King & Co.

will be the best off, even if it should not be so good for the stock and bond holders. There is no palmer of a village of a village nature in favor of either road. The men with the longest purse will likely render the best public service, and if we can get to Pasadena by electricity we don't care what the name of the corporation may be that runs the road."

STREET TREE PLANTING.

Reference has already been made in these columns to the good work which has been done in National City by Mrs. Flora K. Kibball in planting shade trees. In a letter to the Southern California paper that lady gives the following information in regard to the methods which have been used:

"The following information is cheerfully given, with the hope that every unattractive town in this part of the State might be as successful as we have been in transforming a barren waste into what promises to be a garden of verdure. The chief guarantee of success is the sympathy and co-operation of the people and the assistance of the City Trusts, both of which we have. Everybody wanted the streets improved, and the Trustees, aware of the popular sentiment, voted, three to one, to have the plan adopted, and both of which we have. Everybody wanted the streets improved, and the Trustees, aware of the popular sentiment, voted, three to one, to have the plan adopted, and both of which we have.

"The work was planned in my hands, and I was given carte blanche in the selection, purchasing, planting and caring for them. This year's planting comprised three seasons and we have planted in all nearly eight thousand trees. Streets that have served the purpose, and had the appearance of an uncultivated pasture, have been opened and made into beautiful parks. The work was planned in my hands, and I was given carte blanche in the selection, purchasing, planting and caring for them. NEWS AND BUSINESS.

The Weather.
U. S. Weather Bureau, Los Angeles, June 9, 1894.—At 5 o'clock a.m. the barometer registered 30.03; at 5 p.m. 30.00. Thermometer for the corresponding hours showed 52 deg. and 67 deg. Maximum temperature, 71 deg.; minimum temperature, 51 deg. Character of weather, partly cloudy. Barometer reduced to sea level.

C. D. Howry, the leading funeral director, in fitting up and furnishing the large residence he now occupies for his business on Broadway near Fifth street, took a decided step in advance of his competitors. The importance of this acquisition to Los Angeles cannot be overestimated. All the conveniences of a home are furnished by Mr. Howry, including bedrooms for friends of the deceased, private reception rooms, and parlors "worthy of the name" for holding funerals. Saturday at Volmer's, No. 116 South Spring street, near First, Roger Bros.' knives, \$1.50 set; tableknives, \$2.50 set; forks, \$2.50 set; teaspoons, \$1.15 set. Remember, these are Roger Bros.' best quality, and cannot be duplicated for less than 50 per cent. advance. Prices are for Saturday only.

The Y.W.C.A. gospel meeting at the rooms, No. 107 North Spring street, June 10, will be addressed by Prof. Melville Dozier of the State Normal School. The City College Association of young women have been invited to attend in body. A cordial invitation to all young women.

Rev. Dr. Fay will preach for All Souls' Unitarian Church, at Music Hall, South Spring street, at 11 a.m. Subject, "Faith the Main-spring in Secularism." The choir will sing. Music by a double quartet, under the direction of Mr. and Mrs. Modini-Wood, sure.

The remains of John Keiser, the proprietor of the Glendora Hotel, who died June 4, after being embalmbed for shipment by Kroegel & Bros., funeral directors, No. 557 South Broadway, were shipped East for interment.

At 3 p.m. tomorrow, the jubilee service of the Young Men's Christian Association will occur. Rev. F. M. Larkin will speak, and the First Presbyterian Quartette will sing. Every one is invited.

The new bath-house at Santa Monica will be opened Saturday and Sunday. The route for the round trip to the Santa Fe. Trains leave La Grande Station at 7:52 a.m., 10:15 a.m. and 4:45 p.m.

A musical service of a very high order is to be given at St. Paul's Church, Sunday evening, at which some of the most prominent vocalists and instrumentalists in the city will assist.

The funeral of Mrs. Sophia Pinther, wife of Theodore Pinther, will take place this morning at 10 o'clock at the Santa Fe. Trains leave La Grande Station at 7:52 a.m., 10:15 a.m. and 4:45 p.m.

The meeting of the Southern California Froebel Society, announced for June 9, at Mrs. Mayhew's, is postponed until Sunday.

Roger Bros.' best silver-plated ware at less than auction prices today at Volmer's special Saturday sale. No. 116 South Spring street, near First.

Today the former residents of the State of Colorado will take a trip over the Mt. Lowe Railway, and meet their old neighbors on Echo Mountain.

Excursion to Catalina Island every Sunday, returning same day. Train connecting with steamer leaves Arcade Depot at 8:30 a.m.

Saturday special at Volmer's, No. 116 South Spring street: Fifty dozen Roger Bros.' best silver-plated teaspoons, \$1.15 set; regular value, \$1.65.

Fifty cents round trip on Terminal Railway to Long Beach and San Pedro, Good going Saturday and Sunday, returning Monday.

Irving Lockwood, representing C. W. R. Ford & Co., silks and tailors' goods, San Francisco, will be in Los Angeles June 10.

Art instruction by qualified instructors, in private rooms or on Santa Monica, Santa Fe, and Design Chamber of Commerce.

To let, two front rooms on third floor of Times building. Also a large room suitable for a society hall.

Visit the Arrowhead Hot Springs, the finest mountain resort on the Coast. See notice under Hotels.

Frank M. Kelsey has removed his office to No. 34 South Broadway, two doors south of City Hall.

Manxville, tiles, office fittings, hardware, lumber, H. Bohrmann, 544 South Spring.

All-day gospel meetings at Temperance Temple Friday. Excellent speakers.

Buy the Whitney make trunk, Factory, No. 34 North Broadway, near First.

Columbia River salmon. Valentine, Broadway Market.

Mexican leather carver at Campbell's.

There are "undelivered" telegrams at the Western Union telegraph office for Mrs. Carrie McClain, E. D. G. Campbell, E. M. Gilbreth and George Gardner.

A marriage license was issued yesterday to Emmet G. G. Ord, a native of California, aged 25 years, and Stella M. Cobb, a native of Maine, aged 25 years, both residents of this city.

J. E. Aull, of the Hollenbeck Cafe, and George W. Lynch, manager of the Redondo Hotel for some months, yesterday signed a lease for that house for five years. They will take charge on the 15th inst.

Quite a religious awakening is going on at the Third Congregational Church in this city. On Sunday evening the Sabbath-school will celebrate the eleventh anniversary in connection with Children's day.

In the report of the Republican convention, as published yesterday, the name of F. L. Park, of Santa Monica, was made to appear as F. S. Clark. Mr. Park was elected as a delegate to the State Convention.

The annual commencement exercises of the Los Angeles Business College will be held Thursday evening, June 14, at the Los Angeles Theater. The program includes, Modini Wood, H. G. Cogswell, Messrs. Winslow Blake, Charles Modini-Wood and H. G. Clark will give a fine musical program.

PERSONALS.

Dr. White left yesterday to attend the convention of dentists, held at San Francisco.

AN ONTARIO SENSATION.

A Confiding Husband Betrayed by His Brother.

Ontario had a mild little sensation on Wednesday night, that might easily have resulted in a murder case. A Los Angeles mechanic, who is working in the China factory, has been boarding his wife and child in Ontario. He came up unexpectedly Wednesday night and found his wife in a room with a brother, "in a compromising position." A brief scene ensued and for a few minutes it looked as if some shooting would be done. Finally the irate husband took the child and skipped, and the next morning the wife drove off with the brother.

10 p.m. TRAIN FROM SANTA MONICA tonight (Saturday) on Southern Pacific's short line. Night fare at new \$50.00 bathroom and amusement park. The great plunges submarine lighted fireworks, theatricals, etc. Round trip, 50 cents. See Southern Pacific time-table, this paper.

Normal School Pupils Will Paddle for Pebbles—Failed to Get the Dunkards—General and Local.

Though the number of captured Commonwealers brought from Barstow to Los Angeles yesterday morning was only 170 instead of 230, as was at first reported, it was still large enough to make a good passenger business for the Southern California road. It is worthy of note that though the Southern California road and though the Southern Pacific belong to the same owners, the fact that the latter is in the hands of receivers enables the former to claim and receive pay from Uncle Sam for the transportation of the officers who went to Barstow to protect the prisoners of the company, and of the prisoners who were arrested yesterday morning.

As was stated yesterday morning, United States Marshal Covarrubias had no difficulty in arresting the crowd of men, whose efforts to steal a freight train were rendered fruitless by the Barstow yard-master, who detained the fellows by removing the motive power. The marshal made a little speech to impress upon the men's minds the serious consequences of their resisting officers of the United States Court, and read his warrant to the crowd collectively. The train-steaders at first refused to say a word or make a move, and afterward declared that if they were put in the cars they would have to be carried.

The marshal gave the fellows a warning without any trouble. Such a contingency had been provided for, commissary supplies having been taken from San Bernardino, and the supper was soon forthcoming.

The whole gang was put in the coaches, and, as the men would not tell who their leader, they were seated regardless of their individuality. In this, and finally announced as the result of their conference, that if they were given their supper, they would go with the officers without any trouble. Such a contingency had been provided for, commissary supplies having been taken from San Bernardino, and the supper was soon forthcoming.

point about a mile east of Mojave, where they flagged the train and took possession of the engine. They had a competent engineer, who took charge and started ahead. Conductor Newhall applied the air and the train came to a stop. The men simply cut off the caboose and started ahead, but instead of leaving they stopped, and some one called out: "Uncle Hank, don't you want to come too?" Conductor Newhall is called "Uncle Hank" by everybody, and with good humor and equally good judgment he concluded to "come too." The rear brakeman during this short "parley" left his lantern and hurried back to Mojave and wired the officials at Needles and Albuquerque, as has been stated.

THE EXCURSION AGREEMENT. CHICAGO, June 8.—Tomorrow the Atchafalaya road will send Chairman Caldwell a formal notice of withdrawal from the excursion rate agreement, which the lines evolved two weeks ago, after so much trouble. The agreement was made in dead. The Atchafalaya will make its own rates and see that it gets a fair portion of the business, but Traffic Manager White had no objection to the agreement. The business any more than is necessary to preserve the Atchafalaya's proper proportion. Chairman Caldwell called a meeting of the interested lines today, but the Atchafalaya declined to send a representative. He declared the agreement was being violated every day and that the meeting would not go to good. All the lines at the meeting assured Chairman Caldwell they had not made any unlawful rates and had not the slightest intention of making any, but this assurance was very far from satisfactory to the Atchafalaya.

THE U. P. SYSTEM. OMAHA, June 8.—General Solicitor Thurston of the Union Pacific has prepared a petition to be submitted to Circuit Judge Sanborn, which sets forth that it is asking for instructions as to the conduct of the operation of certain lines of the Union Pacific system whose earnings appear insufficient to pay their operating expenses. The most important of the lines in question is the Omaha and Republican Valley road, owning a system of lines and branches connecting with the Union Pacific main line, and operating both in Nebraska and Kansas, with a total mileage of 483 miles.

Thurston says the receivers do not ask for the abandonment of any of the lines. The petition presented the exact facts, showing that the roads named are losing money, and are merely feeders for the Union Pacific proper. The court will be asked to make an order, the circumstances may at present require. The hearing will be asked to be set about the middle of July to enable all interested to appear.

SCRAP HEAP. Vanderbilt and Pennsylvania lines charge \$4 extra for passage on their twenty-four hour trains between Chicago and New York.

W. H. Hamilton, general agent of the freight department, who is in the Northwestern at San Francisco, came down yesterday to visit Los Angeles.

Since January 1, the Pennsylvania has hauled 5,602,023 tons of coal, a decrease compared with last year of 2,309,819. The decrease was caused by depression in industries using coal and by the present strike.

Inter-railway circles yesterday heard a universal expression of sympathy for Division Baggage Agent Harry Isaacs of the Santa Fe, whose misfortune is made the subject of a news item elsewhere in this paper.

Careful management and improved methods are having their legitimate result in the operation of railroads. The casualties of all American lines last April were less than in any corresponding month for twenty years.

Ex-Congressman Reagan of Texas, who was largely instrumental in passing the Interstate Commerce act, and who has lately served as an anti-railroad member of the Texas Railroad Commission, has come out in favor of legalizing pooling under proper regulations.

At 6:45 this morning a special train on the Terminal road will carry about one hundred students of the Normal School to East San Pedro. This is an unusually early hour for such a train.

George L. McDaniel, of the Southern California traffic department in this city, has returned from his business trip to the East. He went East to try to induce the Dunkards to hold their next annual convention in Southern California, which would bring several thousand worthy people out here, but they decided on a point in Illinois, and Mr. McDaniel's mission was not successful.

(San Bernardino Courier, editorial.) The action of the Southern Pacific Railroad in accepting \$400 from the Industrial Army to pay their fares to Mojave, and thus dumping them into this country, is questionable indeed, and mayhap when that corporation gets into trouble again, as it did recently at Colton, the citizens of that town and San Bernardino will be slow to respond to its call for aid. They did turn out nobly and effectually once, but the corporation has shown no faith, and human nature is human nature.

Beginning of Serious Trouble! If you feel restless, tired and weak, with sleeplessness, headaches, ringing in the ears, and nervousness, use Dr. Casper's Compound. It will restore strength, give vitality and make you well.

17-179 North Spring st.

THE NINETEEN MEMBERS OF THE INDUSTRIAL ARMY who remained at Mojave, while the larger crowd started eastward on a stolen train, are yet there, being closely watched by a small posse of deputy sheriffs. This lot is said to comprise the toughest members of the army, and they are determined to come to Los Angeles despite efforts to detain them. Some of the number, by twos and threes are leaving Mojave on brakebikes and bumpers of every train, and the gang was possibly allowed to melt away by that gradual process. One of the number that stole the train rolled off a car while it was going at full speed. His companions were horrified at the catastrophe, but were later gratified by seeing him get up and start back to Mojave on foot.

UNCLE HANK'S EXPERIENCE. One of the incidents of the train-stealing at Mojave is told in an Associated Press dispatch Wednesday evening. The army, without any noise or disorder, formed into companies and marched to a

LEAVE. That's what Sick Headache does when Dr. Pierce's Headache Remedy is taken. These tiny, sugar-coated, anti-bilious granules cure it completely. They're the smallest, the easiest to take, and the most natural remedy. No disturbance, no unpleasantness, no reaction whatever. One little Pellet at a dose regulates the whole system. Constipation, indigestion, Bilious Attacks, Dizziness, and all derangements of the liver, stomach, and bowels are prevented, relieved, and permanently cured.

They're the cheapest pills you can buy at any price. They're guaranteed to give satisfaction, or your money is returned. You pay only for the good you get.

Things that seem to help Catarrh may be doing harm. Poisonous, irritating muffs and strong, caustic solutions only drive it from the head to the lungs. Dr. Sage's Catarrh Remedy cures Catarrh. It's mild, soothing, cleansing, healing. Its proprietors prescribe \$500 a cure.
